

## **Chair and Trustees**

Shofar Day Care Centre is an extremely successful, inspirational collaboration between Finchley Reform Synagogue, Alyth Synagogue and Reform Judaism, providing the highest quality of day care for children aged 6 months to 5 years. It was started 5 years ago and is now an established early years provider.

Our current trustees are the founding trustees and we now wish to enhance the trustee board.

We seek a Chair who will lead the Trustees in working closely with the Head Teacher to deliver a Reform Jewish day care service.

The trustees lead the strategy whilst prioritising safeguarding and governance.

So, we are also seeking additional committed and enthusiastic trustees with knowledge of HR, Safeguarding, building (or property) management or Charity Governance.

For the Chair, knowledge of running an early years/educational or not for profit organisation would be a distinct advantage. All our trustees are committed to Reform Jewish principles and values.

This is a real opportunity to gain new skills, develop new relationships and contribute to a really special and innovative day care centre. If you'd like to know more, please contact Mark Harris or Paul Israel.

These roles is subject to DBS certification and the receipt of two references.

Expressions of interest should be in writing, and we will send you the full spec, and when applying please outline why you feel you are suitable for the role to Shofar Trustee - Mark Harris at [mark@shofardaycarenursery.org.uk](mailto:mark@shofardaycarenursery.org.uk)

Deadline: 31<sup>st</sup> January 2021
